Highly motivated Full Stack Developer with a proven track record of building performant, user-focused applications. Skilled in backend, frontend, and mobile development

Work Experience

Fullstack Developer

Xelora | Rabat, Rabat-Salé-Kénitra, Morocco   December 2024 - March 2025 (4 months)

- Developed and optimized CRM web applications using **Next.js** and **Nodejs** framework, Express.js, and CockroachDB.
- Implemented scalable cloud infrastructure with Terraform and **AWS**.
- Collaborated with the team to deliver high-quality, user-focused solutions.
- Built a full-stack food delivery app with **backend**, web **frontend**, and mobile client from scratch.

Software Developer

Cari | Rabat, Rabat-Salé-Kénitra, Morocco   March 2023 - November 2024 (1 year 10 months)

- Backend Development: Built RESTful APIs using Node.js frameworks (Medeusa.js, NestJS, Express.js).
- Frontend: using Nexttjs and Reatjs .
- Client Collaboration: Worked directly with clients to gather requirements.
- Performance & Security: Optimized performance and implemented security best practices.
- DevOps & Deployment: Managed cloud deployment and system reliability.

Backend Developer

OliveIT l Remote , Morocco   September 2022 - February 2023

Developed a robust and user-friendly learning platform designed to enhance online education experiences. Contributed to both frontend and backend development, ensuring seamless functionality and a scalable architecture. Collaborated with a multidisciplinary team to deliver a tailored solution that met client and end-user needs. Gained hands-on experience in software development, from initial planning to deployment and maintenance.

Mailer Agent

New Path .SARL l Tangier, Morocco   11-2018 | 05-2019

Leveraging my strong foundation in front-end development, I designed and coded visually appealing, responsive email templates using HTML and CSS. These templates rendered optimally across various devices and email clients, directly contributing to increased open and click-through rates for campaigns. This experience sharpened my meticulous approach to testing—an approach that aligns closely with the debugging and quality assurance practices essential in full-stack development—ensuring applications function flawlessly and perform at their best.

Skills Summary

Technical Skills			
	• NodeJS / ExpressJS / NestJS	• Microservices	• Git / GitHub
	• JavaScript / TypeScript	• ReactJS / Nextjs	• C / C++
	• TailwindCSS / NativeWind	• Python / FastAPI	• Docker / Bash Scripting
